External Rotation

green elastic color 15 times/set 3 sets 5 weight

The band should be secured to a stationary object at shoulder level. Begin in a kneeling position with the band at the left side of the body. Bring the band in front of the body and attach it to the right wrist. With a weight in the right hand, lift the arm in front of the body (forearm up) and over the head. Lower and repeat.

pect deck

20 lbs 10 times/ reps 3 reps 4 times/week

Place your arms on each padding of the pec deck machine, get a good grip on the handles, while you are seated. Keep back straight and chest out. EXHALE as you push with both arms to meet towards your chest but not covering your face. Then slowly release your hands back to the original position while INHALING, and let your chest expand.

Seated triceps press 15 lbs 10 times/ reps 3 reps 4 times/week

Sit on a bench with a straight back, feet flat on the floor, and back firmly against the bench. Grasp one end of a dumbbell with both hands (palms up) and raise it above your head, locking the elbows. With your elbows held in place and squared, slowly lower the dumbbell behind your head until you feel a stretch in your triceps. Press the weight back up, following a slight arc until the elbows lock and the weight is once again about your head.

006

Bilateral Triceps pull 15 times/set 3 sets 3 s hold 2 times a day

Stand with both feet apart at shoulder width, forearms facing forward, holding a bar behind the head. Straighten the elbows and elevate both arms to bring the bar above the head.
